

WIRED DC PIN CONNECTOR

SA-WDCPIN (Pack of 50 Connectors)

Key Feature

- High quality DC Pin connector with superior fit and finish
- Pre-soldered DC Pin Connector with 6" pure copper wire
- 20/38 Gauge stranded Copper wire for excellent conductivity
- Durable moulding made with high quality fresh PVC
- Simple & user friendly design

Sparsh wired DC pin connector allows a stable and secure power supply connection to CCTV cameras and other equipment. Use of heavy gauge Copper wire ensures very low contact resistance enhancing the robustness and quality of video system installation.
