

## Weather-Proof Camera

### SA-H400HB

#### Key Features

- Suitable for Outdoor Installation
- Dual shell
- IP66- rated
- IK10-rated
- Arctic Temperature Control with Built-In Fan & Blower
- One cable installation

### Product Specifications

Model NO.	SA-H400HB
Voltage	220V AC
Power	Heater: 10W 12V, Fan: 2.2W 12V DC, PoE+ IEEE 802.3at (Optional)
Material	Aluminium alloy
Window Size	63mmx88mm, 3mm (0.12 inch) glass
Temperature control	Auto Temperature control with Built-In Fan & Heater (Optional)
IR Range	30-40 meter
Camera Mounting	Removable camera/lens Tray Assembly
Construction	Aluminium Housing & Casing, Neoprene Gaskets, UV-resistant Polymer End caps.
Tamper-resistance	Tamper-resistant screws for locking clasps
Enclosure Protection	IP66
Vandal Proofing	Vandal proof and Impact resistant.
Operating Temperature	-25 °C~60°C, 20 to 80% RH non-condensing
Certifications	Safety: CE, FCC, IS-13252, EN:60950-1 Immunity: CE
Package Weight	2.1kg
Box Size	415mm x250mm x190mm
